## THE EQUESTRIAN STADIUM OF COMPIÈGNE

The Equestrian Stadium of Compiègne has done some works in early spring. Indeed several arenas have been completely redone, in order to offer a new soil in fiber sand, and thus a greater comfort for the horses. Last year 102 boxes had been built with the same concern for quality and comfort for horses. Already endowed with beautiful facilities and an exceptional setting, appreciated by great riders and team chief from different nations and disciplines, the Equestrian Stadium Compiègne should be even more highly valued internationally.
